MEET MY TEACHER

My teacher's name is Jelena. She's got brown eyes and brown hair. She is very, very nice. I like her very much because she is very patient with us and because she always has smile on her face. She makes every lesson funny and interesting. I like to go to the English school because of her. My favourite lessons are when we play quizzes and various games. She is a very good teacher because she knows how to push up our interest for English. I hope she will be my teacher for many, many years.
