My big adventure

I'm very nervous.

I'm on a little ship with my mum. For a few minutes I'm going to explore a few-metres-deep Aegean sea water.

It's my turn to dive into the sea, the water is very cold, but it doesn't matter. Oh, how wonderful sea world full of fish, shells and other sea animals. What is this? Ooh, it's very ugly fish who looks like a snake with Dracula's teeth. I'm so scared, but this ugly fish swam away, and I'm brave again, and, I get a starfish so, I'm happy. They gave me something like coral and a lot of fish is swimming right into me. But why? Oh, this is their food.

This was an amazing adventure and I will never forget it.
