

My favorite place

My favorite place is city Nikiti. Nikiti is good place for relax. This place has got beaches. Beaches have got small hot sand. People go to the beaches because the sea is clean. Nikiti has got many shops with souvenirs and restaurants with sea food too. The weather is hot and sunny. Kids often play the football and volleyball.

I like Nikiti because I like swimming. Nikiti is the most beautiful and interesting place in the world.
