

## My Favourite Place

My favourite place is Marbella.

That is a beautiful town in Spain. I was there when I was four and five years old with my family, cousins, aunt, uncle and granny.

We were walking near wonderful places and eating delicious food. The best was dish called paella and dessert churros.

We were at an awesome animal show. We saw dolphins, seals... We were at a tall flat with a swimming pool.

I love this place because you have lots of things to see.
