

***BI YOU HAVE JUST FOUND A MAGIC WAND. What do you do with it?***

„That 's a ... nice stick you got there ...“ says your friend at your so called „magic wand“ you just excitedly presented to her. „I am telling you it's real!“ you are too overwhelmed with what happened 5 minutes ago to keep up with your friend's attitude. „What's so magical about it ?“ she asks giving you a judgmental smirk „OH ! Is it sent from aliens? Did a witch deliver it to you? A WIZZARD !? The sarcasm is on point here.

„No I found it while heading to your house! It looked special so I took it! „That's why it is so magical ?! It 's pretty? You dont even know why are you wasting your time explaining ...

You look around, there 's a dead flower by the road, you point your wand at it „BLOOM!“ ... nothing... you wait a few seconds ... you can feel your friend's eyes on you ... „BLOOM!!“ you say again a little louder ... the flower sets on fire-

„OH GOD !!! “ you and your friend scream at the same time. From It' s ashes spreads a new flower ... no! Two of them! You are in shock! You wonder if you could do anything else ... you need more proof this happened ... you just dont believe your eyes ... before you could think of anything, your friend rips the wand out of your hands and says „RAIN“ pointing the wand at the sky. The first drop falls ... then another ... and another... and now its raining ...

You snap out of your shock „Wow good! Now we are soaked wet! Thanks a lot! Couldn't think of anything else could you ???“ Your friend just shrugs with no words left to say but –

What now ?
