THE LEGENDS FROM MY COUNTRY

There are many legends. They are exciting, interesting, mysterious ...

One of the best is legend about the Devil 's town.

The legend says that in one town were all good people. Devil couldn't accept that and he put some poison in the water the people had been drinking. The people began to be evil. They decided to marry brother and sister.

A fairy , who kept the nation , prayed to God to prevent the abomination.

God listened to her.

After a lot of the legends of Devil's town , people are still wondering, what story is true.
