Review

The programme I enjoy the most is called "Desperate Housewives". The story is about five women. The story starts on one ordinary day in their lane when suddenly everybody hears a gun shot and they discover that their friend Mary Alice Young killed herself. Alice always seemed to everyone as a perfect woman, mother and wife. But sometimes our closest friends have some dark secrets.

The other wives in the lane have complicated lives also. Bree has red hair and she always looks tidy. Although her life seems perfect, with a husband and two children, she has issues. Sometimes her children are rude and they create problems.

Gabrielle, is the pretty one. She was a model in the 80s. Everything that she ever wanted was to have a rich husband who will buy her expensive things. Luckily she finds Carlos, a Businessman, who is willing to do everything to make her happy. He wants children but she only wants to enjoy life.

Lynette is the one with a successful job. She always wanted a family with three children, tops. Unfortunately for her she ended up with five and she had to become a stay home mum. Now her husband is the one who has a job.

I would recommend this series to everyone who wants a good laugh. I hope you will enjoy it as much as I do.
