What I like to eat

I like pizza. It's unhealthy to eat just peas, tomatoes, carrots, eggplant, pickles, potatoes... Pizza is very healthy too. It's got mushrooms, ketchup, ham, dough. When mum asks what we can eat for dinner, I always say "Pizza!" My favorite country is Italy, because they made the first pizza in the world. It's is delicious, and that's the reason why do I like it! Who wants a good dinner I recomand pizza!
