### TRADITIONS FROM MY REGION

My region is Serbia. There are a lot of traditions in my region. One of them is dance. All people love to dance. Our tradition dance is kolo. For this dance all people need to grab each others hands. They wear long skirts and shirts. This is not a slow dance it is really happy and fast dance. Dancers are very good and they always have smiles on their faces. There are lots of kinds of this dance. You can dance kolo on every celebration or party. I can't dance kolo but maybe one day I will learn it.
