A lot of our teachers are nice and sweet, but I like my form teacher Ivana Komarek. She's 38 now. I met her at the beginning of the fifth grade. In the beginning I thought she was mean and scary. Now I think she is sweet, nice and really good. She usually wears trousers, a long sweater and a fashionable T-shirt. My form teacher teaches us very well. When she makes tests, they are easy. I hope she will be my form teacher till the eighth grade. I now love Serbian a lot more, because I love my teacher.
