

B1

Dear Mary,

I'm so glad you are coming with your brother this summer. We will have a lot of fun. Believe me.

Don't worry about your parents because my parents will be with your parents all time. They can visit many museums and galleries in Belgrade. You know that parents like that and it will be great for my and your parents.

I have volleyball matches then and the two of you will go with me and meet my friends. If you want we can also go to Serbian national restaurant and you can try our wonderful food. Also I know that you and your brother like swimming and we can also do that.

I wish you a safe journey and I can't wait to see you

Love Nađa
