

B1

Dear Max,

I think you and your parents will enjoy your stay in Kula.

Your parents can go to some of the very old buildings in the city like the old tower, visit the old houses of some famous Serbian people or if they are interested, they could visit some of the national museums, or visit the two magnificent churches.

You and your brother could attend a concert, go to a disco, go swimming, watch a football match, roam around the town and maybe later you all can go to a traditional restaurant. You can later go downtown and admire the great architecture.

I hope you and your family will have a great time in Kula and if you do, come back next year!

Best wishes,

From Nikola
