Why I love my mom

My mom`s name is Danijela. She`s got green eyes, blond hair and she`s not so fat.

My mom takes care about me very much. We spend a lot of time together, and sometimes we play video games. We also play football and volleyball too. She cokes my favorite food every day, and she`s very happy when I eat well.

I love my mom so much because she is not only mom, she i`s my best friend too.
