My Big Adventure

I always had a wish to fly. Last night I woke up and went through the window. I jumped and started fly. When I arrived in Paris, I saw a lot of lights and big Eiffel Tower. When I met prince Lewis the sixteenth, he went with me to his castle. He got me the most beautiful room in the castle. In the morning his maid Maria brought breakfast to bed. Later me and prince visited a French museum and Eiffel Tower. In Eiffel Tower there are many stairs and many windows. We visited the whole Paris and many interesting places. We visited the Zoo too. We ate ice cream and sweets. He bought me a fantastic dress. When I arrived home I was very happy!
