

One thing I cannot live without

Today, most of kids can't imagine their lives without their mobile phone or computer. But, it's not same with me. I can't live without my best friend, my everything. I mean, I can't imagine my life without my dog. He always makes me happy when I'm sad. He is always here when I need him. I enjoy playing with him when he's bored. I think that everybody needs a friend who is just like a dog – funny, honest and real! I said that because most of people are not real friends. But, dogs are always here for you and that's why I can't live without them.
