### My Ideal School

In my ideal school we would have computer,our teacher would be a parrot.On class we would play computer games but some mind games.We would have cooking classes,ballet classes and tennis classes.We would have uniforms,lockers and we would learn how to speak parrot language.We could bring pets to school,and we would learn how to take care of them.On P.E. we would clime on fake rocks,on the wall.We would play paintball every class.
