My Ideal School

My ideal school is Penguin English. It is the best school in my town. My school has got three classrooms. First is pink, second is yellow and third is green. In school teachers are good and clever. Our teacher helps us to learn English. She buy presents to us when we are good. I love my teacher. I have lessons every Tuesday and every Thursday at twenty five past seven. Often we have got some games. I love my Penguin English school.
