

*My favourite animal*

My favourite animal is a dog. Her name is Stella. I got her for my twelfth birthday.

Stella has small head and short, soft ears, a large tail and holding him bent.

She is cheerful and a little crazy. When she is happy she kicking tail and running in circle.

Every day when I back from school she's waiting me outside the door. When I open the door she usually jump on me and we crash on the floor.

She is very loyal and true friend so she is my favourite animal.
