

I Love Summer

Summer is the hottest time of the year and my favourite.

I adore summer because my family and me go to a swimming pool and the river Gradac. At the swimming pool I swim a lot and play volleyball with my friends on the beach. The Gradac river is great, too. The water is very cold and fresh. After swimming I go for a walk. The nature is beautiful: green trees, blue water, big and beautiful beaches.

Oh, the last thing, my favourite! Ice-cream! I love summer.
