

*I love summer*

Stojanovic Teodora A2

In the summer the days are longer and the evenings are warmer. It's great feeling, when the sun's out, I can't wait to hang out with my friends. In the summer it's time to rest, to go swimming, sunbathing. You can go on a boat ride, or you can also be healthy during the summer and eating a salad or drinking a fruit smoothie. Summer is the best time because you can eat a lot of ice cream. Also sky is blue and brightly and you can wear T-shirts, shorts, sandals or your sunglasses, or you just spend hours on playing games, cooking and eating with your friends.
