

B1

Dear Gemma,

I have just received your letter. It's fantastic that you're coming to my town, and I can't wait to show you all the monuments here!

First, for your parents – there are so many old buildings and an archaeological park. In this park, there is a church called Lazarica, named by our prince Lazar. Also, there are remains of his palace and the National Museum, which used to be a gymnasium. There are also lots of old houses from time when Turks used to live here.

Then, for you and your brother, there is a street called Zakiceva and it's full of cafes, and there is a summer stage, where are plays showed. There are pools, also, and is very fun there.

So, I hope you like this places where you could go and that you can't wait to come here.

Lots of love,

Marija
