

B1

Dear Jane,

It's awesome that you're finally coming to visit Belgrade. There are lots of interesting places to visit and things to see!

Since you said that your parents like old buildings you should visit Kalemegdan. It's an old fortress of Belgrade, or as they called it back Singidunum. Inside of it, some old canons from the Second World War can also be found.

As for your brother and you, well there are lots of places you can visit. You can go to Tasmajdan park to play football or other interesting games, go rollerskating or bike riding to Ada, or even swimming in the river!

As for the rest of your stay, you can go on one of the open tour buses that go through Belgrade, so you can see other monuments of the city!

I hope you have fun in Belgrade!

See you soon!

Tamara
